### ***Event Cancellation / Modification Policy***

If natural disaster or community disaster occurs, our action steps are as follows:

- 1 METC in concert with local officials will make decisions based on safety first.

- 2 Courses and/or race segments will be altered as agreed to between METC and local officials.
- 3 Financial: It is not financially feasible for METC to accept the risk of a disaster for everyone. Each registered participant needs to accept the risk of his or her entry fee. There are NO REFUNDS or free entries to future races. The money you paid is spent developing the subject event.
- 4 METC does not save any money if one of our events has to be canceled for reasons beyond our control. All supplies and services needed for the events are purchased and/or arranged in advance. All event supplies and services associated with that event must be paid for, regardless of the outcome. Event may be delayed or cancelled due to extreme weather or other emergency. Entry transfers are allowed if the event reaches capacity.

### ***Lake Holiday Lodge and Beach #1***

The transition area is a large, paved parking lot located next to the Lake Holiday Lodge and Beach #1.

### ***Parking***

Parking is located in the Somonauk City Park just off of Gage street on the right as you exit Somonauk going south. Participants utilizing the overflow parking are instructed to drop their bikes at the secure bike drop location in the north end of the parking lot on race morning. This is a fluid area and you cannot loiter to set up your bike at this point. Please just place your bike on the bike rack and return to your car and proceed immediately to remote parking. You will have plenty of time to set up your transition after you park and shuttle back to the race site. Shuttle runs continually until 6:45am.

### ***Misc***

Relay team members may begin the next leg after they have been passed the chip by preceding team mate. Relays should hand off at the entrance or exit of transition area.

The transition area will be secured until 11:30am. When exiting the transition area after the race, you will be asked to match your race bib number with the

number on your bike. If you must remove your bike from the transition area before the race is over, please be mindful of those athletes still on the course.

Lost and found will be located at the registration/check-in tent.
